RE: Annual Request for Federal Special Education Funds Fiscal Year 2011

The Bureau of Special Education is pleased to announce that the Bureau is developing a web-based Request for Federal Special Education Funds Fiscal Year 2011. The projected date for the web-based version is July 2010.

For those schools districts that need to have approval to expend funds in July and August, the Bureau has provided a paper application. This application must be submitted before July 1st in order to have approval to expend funds as of July 1, 2010.

Districts that use the paper application process will be required to also complete the web-based application, once the web-based version is released. When the web-based is on-line, the paper version will no longer be available.

Enclosed are the paper application and the instructions to the Annual Request for Federal Special Education Funds for Fiscal Year 2011. We encourage you to use the instructions. Please submit the original and two copies of your application to:
